PROGRAM

FREE IMPLANTS FOR US VETERANS

You may be shocked to learn that many US veterans are living with pain and suffering from infections caused by the lack of proper dental care. This is the result of so many being unable to receive dental treatment from the Veterans Administration because they do not meet their strict inclusion criteria. Worse yet, US veterans account for 12% of the homeless population in the US. Biotech Dental is giving back to those who have given so much by helping to provide critically needed dental care to those who have been denied treatment.

HOW CAN YOU HELP THOSE WHO HAVE SACRIFICED SO MUCH?

Join Biotech Dental and become part of our Smiles for Vets Program, which helps dentists provide critically needed dental care to US veterans. **Here's how it works: Biotech Dental will provide you with up to four Kontakt™ or Reflect® Implants, healing abutments, and straight abutments for any implant procedure you perform on a US Veteran for FREE.***

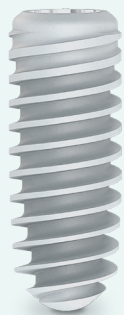

The Kontakt Implant family offers two implant lines that together provide the **ideal solution for any surgical site and bone density**. Kontakt offers a single connection, one surgical kit, a guided surgery kit, and an extensive range of prosthetics that offers you the ideal treatment options.

Reflect Implant Systems offer surgical and prosthetic compatibility with "BIG" brands but does so for much less—while at the same time, offering uncompromised quality and performance so vital to your patients.

Veterans: Please contact your dentist to set up an appointment for your FREE implants.

Kontakt™ S⁺

- › Consistent core diameter with varying thread diameter mates ideally to bone density
- › Wide threads deliver great stability, bone condensing and increased surface area and BIC
- › S-L-A Surface treatment

Kontakt™

- › Apical wings provide greater primary stability
- › Constant leaf continuous cutting edge along entire implant and increases BIC
- › Variable cylindrical design mated to implant length

➤ **To request your Free implants and to schedule an appointment visit biotechdentalusa.com/smiles-for-vets.**

Once your appointment has been scheduled, a Biotech representative will join you with all the surgical instruments you will need.

*Up to 4 implants per US Veteran patient. Maximum 10 patients per office. Office is responsible for any additional costs. Proper paperwork including HIPAA and Veteran ID number must be submitted at time of order. Offer expires 12/31/24. For private practices only.
